1 POLICY STATEMENT

As part of the College Strategy to provide high quality learning experiences to students and to bridge identified skills and provision gaps, a proportion of the College delivery will be undertaken by local and national Sub-Contractor providers.

Derby College will take all reasonable measures to ensure the selection of competent Sub-Contractors to deliver education and training by carrying out a due diligence process prior to entering into any Agreement.

The Supply-Chain Fees and Charges policy ('The Policy') sets out Derby College's rationale for working with sub-contractors and the methodology used to determine fees and charges anticipated with such partnerships. It is a requirement of the Education Skills Funding Agency (ESFA) Funding Rules Document.

In line with the ESFA requirements, this policy outlines how Derby College contributes towards improving the quality of sub-contractor teaching and learning as well as underlining the services provided, in return of fees charged to our partners.

The Policy also summarises the payment terms and schedule between sub-contractor and Derby College and indicates how and when the Policy is communicated with current and potential sub-contractors.

The delivery is to be carried out in a safe manner without risk to the Health, Safety and Welfare of the Sub-Contractors, College Employees, Students or Visitors.

Derby College will take all reasonable steps to ensure that the delivery of education and training by the Sub-Contractor adheres to the Colleges Equality and Diversity Policy and any legislation relating to Equality and Diversity.

Derby College will take all reasonable steps to safeguard students and vulnerable adults by expecting Sub-Contractors to conform to the standards established by the College's Safeguarding Policy.

Derby College recognises that sub-contracting work does not absolve the College of its legal obligations or responsibilities.

This document sets out Derby College's policy on the selection, appointment and management of Subcontractors.

The Policy is reviewed annually and will be brought to Corporation for approval.
