APPRENTICESHIPS

Designed specifically to meet your needs as an employer, apprenticeships ensure your workforce has the skills and qualifications you need now – and for the future.

Roundhouse Corporate boasts a wealth of expertise in recruiting and training apprentices for vital roles across the sport and leisure sector.

We support apprenticeships in areas such as personal training and activity leadership to help young people turn their passion for sport into sustainable and rewarding careers.

Ofsted inspectors said that our apprenticeships were well planned to meet the needs of employers and praised the way we help apprentices progress to sustainable employment, promotion and higher levels of responsibility in the workplace.

THE BENEFITS FOR YOU

With an apprentice, you will be bringing in exciting new talent. They are eager, motivated, reliable and loyal to their organisation – and you can steer their progress to suit your needs.

By joining forces with us to develop your apprenticeship provision, you could fill your skills gaps and solve your recruitment problems. Recent surveys show that a majority of employers find apprenticeships more cost effective than hiring skilled staff, reducing their spending on training and recruitment.

We help you find the ideal candidate for your vacancy: someone to fit in well at your organisation. We can even arrange work trials before you sign them up.

Our Assessors will then work with you and your apprentice all the way through the training to keep everything on track.

Flexibility is key. Our programmes can be adapted to suit your working schedules and achieve maximum impact with minimum disruption.

We are always happy to discuss different modes of delivering training and to advise you on the funding available to support apprenticeships, including guidance on the Apprenticeship Levy.

“ Apprentices develop good vocational skills which improve their employability, and which contribute to the success of their employers’ business. ”

- Deliver training in essential employability skills to ensure your apprentice is ready for the workplace
- Assist you to access any additional funding to support apprenticeships
- Support you and your apprentice to gain maximum benefit from the programme

FIRST CLASS TRAINING

From all-important skills in English and maths to advanced specialist qualifications, we offer highly flexible routes for you to upskill your workforce. We can foster greater confidence, capability and motivation within your teams.

CAREER LEARNING LADDER

Would your staff benefit from additional specialist qualifications to reach their personal best? Are you keen to revitalise the services offered in your gym or leisure centre? Do you need to improve the productivity, performance and efficiency of your organisation?

Our Career Learning Ladder portfolio could be the answer. It features highly flexible part-time and workplace-based programmes covering everything from nutrition and healthy eating to gym instructing, football coaching to sports massage therapy.

Some programmes lead to Register of Exercise Professionals (REPs) and Chartered Institute for the Management of Sport and Physical Activity (CIMSPA) endorsement points so your staff can show they meet national standards as fitness professionals.

Contact us about funding for these opportunities. Free training may be available for adults meeting certain criteria: under a current government trial, this includes employees on low wages.

ENGLISH, MATHS AND DIGITAL SKILLS

Britain often lags behind its competitors when it comes to the English, maths and digital skills of its workforce.

Employees with low or no English and maths qualifications can cost your organisation money, business and reputation. Our team of experts will work with you to deliver training programmes that upskill your staff in these crucial areas.

We also offer a full range of workshops to help your staff improve their computing, digital and administration know-how – an excellent way to provide your clients with more efficient and effective services.

This includes Microsoft Office Specialist training in packages such as Word and Excel. As a Microsoft Showcase College, we are part of a global network of institutions supported by the company to use technology to inspire quality teaching and learning.

NURTURING LEADERSHIP

Dynamic, forward-thinking leaders will transform your organisation's productivity and performance. Our innovative programmes can help your staff realise their management potential and make even more positive contributions in the workplace.

PROFESSIONAL DEVELOPMENT

Roundhouse Thinking delivers high-end training that will help your organisation harness new and transferable skills, address complex challenges and drive growth and efficiency. This includes creating entirely bespoke programmes tailored to your values, culture and strategic ambitions.

Our experienced team specialises in all aspects of leadership and management, HR, finance and customer service. We can also help you comply with regulations through accredited qualifications in areas like first aid, health and safety, fire safety and food safety.

Open courses and e-learning opportunities mean that you can bridge the skills gap instantly and your staff can benefit from studying on the go.

HIGHER EDUCATION

Making higher education part of your long-term workforce development plan is a smart move. It gives your staff clear progression routes to advance their own career goals while setting new professional standards for your organisation.

Our Foundation Degree in Sports Coaching is an excellent choice for those who want to progress to more senior and specialist roles. Delivered in partnership with the University of Derby, it equips students with the skills to foster athlete potential at all levels of sport participation. They will also become adept at analysing scientific data and converting it into coaching and training regimes. Successful participants can then undertake a top-up year of study to gain a full honours degree.

INVESTING IN THE FUTURE

Why not join us in shaping the workforce of the future? There are many ways in which you can work with Roundhouse Corporate to generate new talent for the success of your organisation and the economic wellbeing of our city, county and region.

GET INVOLVED

You can help us in our mission to bridge the gap between education and employment.

Shape the curriculum

Join one of our Employment and Skills Boards, where leading organisations collaborate with us to co-design and co-deliver learning opportunities for students. Our Sport Employment and Skills Board includes representatives from the likes of Derby County Community Trust and Derby Arena as well as local councils, gyms and leisure centres.

Establish an Employer Academy

Become one of the growing number of organisations which have set up specialist academies to work with a select group of high-calibre students and help them build sector-specific employability skills. Organisations such as Cricket Derbyshire are using the Academy model to develop a talent pipeline for the future.

Offer work experience

Nothing beats on-the-job insights to equip students with the right skills and attitudes for their chosen career. You could help by offering placement opportunities, work experience and workplace visits – or run special projects to engage and challenge students.

Deliver masterclasses

Your expertise and experience could motivate and inspire our students to achieve more. We welcome employers who can deliver guest lectures and careers talks or even provide professional mentoring.

SERVING YOUR ORGANISATION

As part of its drive to bolster prosperity in the region, Roundhouse Corporate also assists employers with a specialist recruitment service and a professional conference and events service.

LOOKING TO RECRUIT?

If you are seeking affordable, motivated staff who can cover casual shifts and work flexible hours, our Roundhouse Recruitment service could provide the ideal solution.

We can match you with enthusiastic students who want to earn extra cash through part-time employment while they are studying. Ours is a full recruitment service, bespoke to your requirements, and we have a proven track record for securing high-quality candidates to fill vacancies in a variety of organisations.
