

English and maths

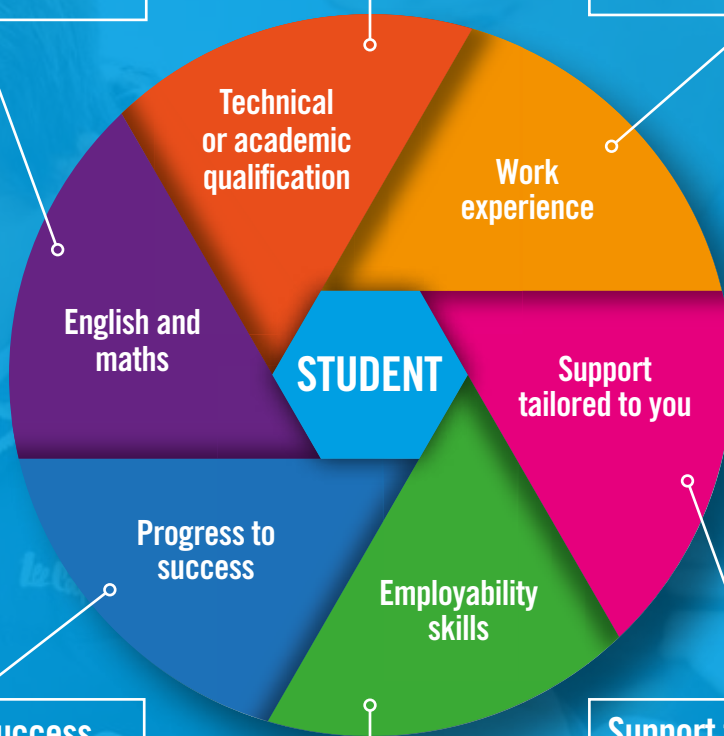

Continue to improve your skills in English and maths alongside your chosen subject. This includes working towards GCSE grade 4 (A*-C) and above if you haven't already achieved them.

Technical or academic qualification

Choose from one of the broadest ranges of subjects in the East Midlands. We help you select a study programme which is just right for you – based on your career plans and your existing qualifications and experience.

Work experience

Gain hands-on experience in your chosen industry – through exciting placements, employer-led projects and company visits. Join one of our Employer Academies for a guaranteed interview at the end of your programme.

Progress to success

Receive expert advice on making a smooth transition to the next stage of your life – whether into a job, an apprenticeship, further study or self-employment. Our Steps for Success tutorial programme helps you make the right choices, supports your personal development and equips you with the skills to succeed at College and beyond.

Employability skills

Build transferable skills like IT, communication, teamworking, creativity, leadership, enterprise, problem-solving and decision-making – all the qualities employers are looking for. When you leave us, you'll receive a 'Passport to Progression' to show that you are ready for the workplace.

Support tailored to you

Benefit from a personal coach who will be assigned to you throughout your time at College, ensuring your learning stays on track. You can also access a wide range of additional support to attain your goals, depending on your individual learning needs.
