DCG

SCHOOL LEAVERS

2027/28 Prospectus

Careers and Learning Opportunities

Welcome

Introducing our latest mini course guide: it's small in size but big on ideas and opportunities.

There are so many reasons to let DCG shape your future:

- Skills, knowledge and qualifications to help you gain an edge in your career
- Dynamic links with national and local employers to inspire you
- Industry-experienced teachers to give you a real passion for your subject
- Expert support and advice to equip you for success
- Enrichment programmes to help you contribute to society
- Latest learning facilities and technology to keep you up to date
- Social networks to build new friendships and opportunities

Explore our course listings to see what interests you: it might be a subject you've never considered before. Then scan the QR codes for further details.

Not sure where to begin?

Try our home page

Your course

Tell us about your career plans, qualifications and experience – and we'll help you build a study pathway that's just the right fit for you. You could choose a technical, vocational or academic route, or even mix-and-match

DCG has one of the broadest choices of subjects in the East Midlands. Whatever you choose, you'll benefit from:

Work experience: placements, internships, employer-led projects, guest lectures and company visits – all will help you prepare for the world of work. We have partnerships with over 2,000 employers across all sectors.

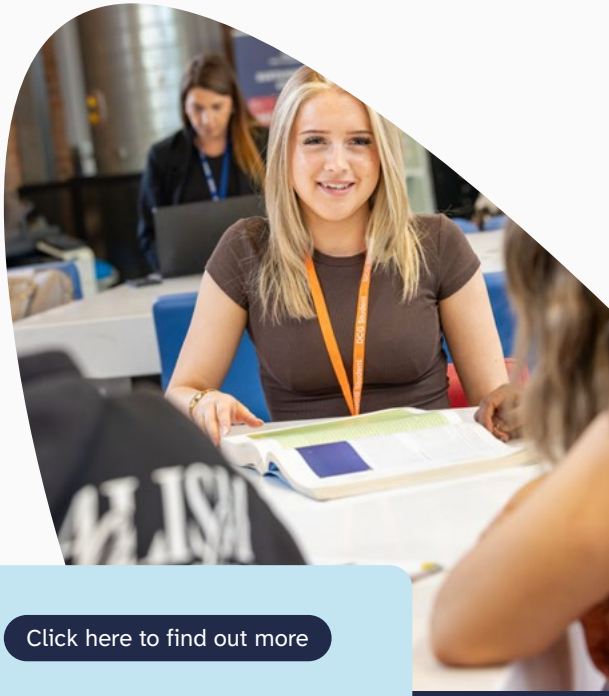
English and maths: it's important to continue improving your English and maths skills while you're studying. That includes working towards those vital GCSE grades of 4 and above if you've not already achieved them.

Digital skills: keep pace with the latest developments in business and industry by developing your digital and AI knowhow.

A job-ready attitude: essential attributes like communication, teamworking, creativity, leadership, enterprise, problem-solving and decision-making will make you more employable.

Tailor-made support: your Student Experience and Progression Coach will help keep your learning on track. We offer additional assistance depending on your individual learning needs too.

Personal and professional development: our specialist programme will help you make the right choices about your future and ensure a smooth transition to the next stage of your life.



Click here to find out more

A professional outlook

There's much more to DCG than learning theory and gaining practical skills.

It's equally important that you develop the right behaviour, qualities and mindset that will set you apart, wherever your career takes you.

We expect you to give your best – so that you become the best you can. That's why we've introduced our 5Ps of Professional Behaviour. Throughout your studies, think about being:

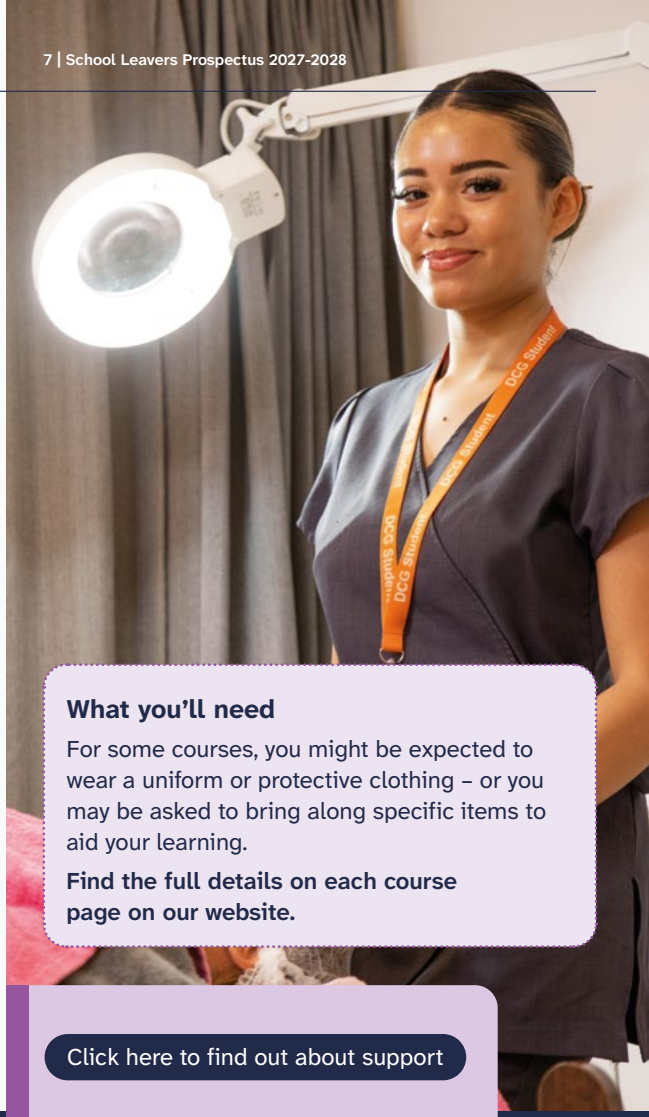
Positive: stay open-minded, celebrate diversity and always be willing to listen.

Polite: speak respectfully and appropriately.

Punctual: arrive in class ready to begin on time.

Prepared: come equipped for your lessons with a 'can do' attitude.

Professional: think about your dress, language and behaviour.



What you'll need

For some courses, you might be expected to wear a uniform or protective clothing – or you may be asked to bring along specific items to aid your learning.

Find the full details on each course page on our website.

Click here to find out about support

Is an apprenticeship for you?

If you want to kickstart your career right now – in a real job with a real employer – an apprenticeship is a smart move.

You'll benefit from work experience and industry knowledge, on-the-job training, a salary and paid holidays. It's an ideal option for anyone who prefers a hands-on approach to learning.

DCG supports a wide range of organisations across many industries to deliver high-quality apprenticeships. We'll liaise with your employer to devise a work-based training programme that helps you gain an industry-recognised qualification and a strong foothold on the career ladder.

Don't forget: you'll need to be employed **before** you can enrol with DCG to start working towards your qualification. Register with us and we can help signpost you to current vacancies.

But, if you're still waiting to secure that place, it makes sense to apply to DCG for a full-time course in your chosen subject in the meantime – just as a back-up plan.

Industry sectors

DCG partners with employers to support apprenticeships in areas such as:

- Agriculture, Horticulture and Animal Care
- Automotive Technologies
- Business, Customer Service, Leadership and Management
- Catering and Hospitality
- HR Support
- Construction, Planning and the Built Environment
- Early Years
- Education and Training
- Engineering and Manufacturing Technologies
- Health

Apply right now

It couldn't be easier to apply for a place at DCG. In fact, why not start right now?

- **Plot your career pathway.** You'll find lots of useful information on our website.
- **See for yourself.** There's nothing better than joining one of our open evenings to research your options and firm up your choice.
- **Submit your application.** Every course page on our website includes an Apply Now button. Just follow the instructions for inTouch.
- **Dedicated support.** A Student Services Adviser will be assigned to make sure your application is processed efficiently.
- **Show what you're capable of.** You could be invited to make a personal statement; attend an interview, taster session or audition; or take an online maths and English assessment. Full details will be updated in your inTouch account.
- **Accept your place.** We'll let you know the outcome of your application. It may depend on exam results such as GCSEs. Log into inTouch to accept.
- **Get set for College.** In August, we'll send you details of enrolment, your start date and your Student Learning Agreement to sign.
- **Become a DCG student.** At your induction you'll meet your course team and your Student Experience and Progression Coach. You'll also be introduced to our online learning space.

Applications for full-time courses will close at the end of June 2027.

After this date, we'll begin confirming enrolment invites for applicants who have received an offer. Those students will be invited to our priority enrolment events. This process helps us stay fair and consistent for everyone who has followed the correct application steps.

There are different application processes for further education, higher education, apprenticeship or part-time, adult and community programmes.
