

DCG

DERBY COLLEGE GROUP

School Leavers **Prospectus** **2026-2027**

Careers and
Learning Opportunities
for School Leavers

Welcome

It may be small in size but it's big on ideas and opportunities... our latest mini prospectus is all you need to chart your course and own your future.

Have a look at our course listings to see what grabs your attention. Then scan the QR codes for further details.

There are plenty of reasons to choose one of DCG's exciting study pathways:

- Skills, knowledge and qualifications so you can stand out from the crowd
- Inspiring links with national and local employers
- Teaching from industry-experienced professionals with real passion for their subjects
- Expert support and advice to prepare you for success
- Enrichment activities to help you become a work-ready citizen
- Up-to-the-minute learning facilities and technology
- A better social life, full of new friendships and activities

Not sure where to begin?
Try our home page for starters.

Your course

Whether you're looking for a technical, vocational or academic route, DCG has one of the broadest choices of subjects in the East Midlands.

Tell us about your career plans, qualifications and experience – and we'll help you build a study pathway that's tailor-made for you. Whatever you choose, you'll benefit from:

Work experience: gain vital insights into the world of work through placement opportunities, employer-led projects, guest lectures and company visits. Our partnerships with over 2,000 employers will broaden your horizons.

English and maths: continue improving your English and maths skills alongside your studies, including working towards those vital GCSE grades of 4 and above if you've not already achieved them. We offer revision workshops and online support too.

Digital knowhow: develop your digital and AI skills to reinforce your learning and keep pace with the latest developments in business and industry.

Employability skills: get ready for the workplace with essential attributes like communication, teamworking, creativity, leadership, enterprise, problem solving and decision making.

Keeping your learning on track: enjoy personalised support from a Student Experience and Progression Coach who is assigned to you throughout your DCG studies. There's additional assistance available depending on your individual learning needs too.

Personal and professional development: benefit from our specialist programme to help you make the right choices and ensure a smooth transition to the next stage of your life.

Find out more

Professional behaviour

You won't just be learning theory or gaining hands-on practical skills at DCG. We want to ensure you leave us with the right behaviour, qualities and mindset to do well wherever life takes you.

We have high expectations. From the start of your studies, you should be following our 5Ps of Professional Behaviour to give you the best foundation for your career.

Positive: stay open-minded, celebrate diversity and always be willing to listen.

Polite: speak respectfully and appropriately.

Punctual: arrive in class ready to begin on time.

Prepared: come equipped for your lessons with a 'can do' attitude.

Professional: think about your dress, language and behaviour.

For some courses, you might need to wear a uniform or protective clothing – or you may need to bring specific items to aid your learning.

Find the full details on each course page on our website.

Find out more

Looking for an apprenticeship?

Work for a real employer in a real job with training, a salary and paid holidays... there are many benefits when you embark on an apprenticeship.

DCG supports a wide range of organisations across many industries to deliver high-quality apprenticeships. The College liaises with employers to deliver these work-based training programmes. They'll give you a strong foothold on the career ladder while helping local firms to boost their performance and efficiency.

The most important thing to remember is that you need to find a place with an employer **before** you can enrol with DCG to start working towards your relevant industry qualification.

But, if you're still waiting to secure that place, it makes sense to apply to DCG for a full-time programme in your chosen subject area in the meantime – just as a back-up plan.

Industry sectors

DCG partners with employers to support apprenticeships in sectors such as:

- Agriculture, Horticulture and Animal Care
- Automotive Technologies
- Business, Customer Service, Leadership and Management
- Catering and Hospitality
- Construction, Planning and the Built Environment
- Early Years
- Education and Training
- Engineering and Manufacturing Technologies
- Health and Dental Care
- HR Support

Find out more and see our current apprenticeship vacancies

Apply right now

Applying for a place at DCG could not be easier – so why not start the process now?

- **Think about your career pathway.** Take a look at our website for lots of useful information.
- **Come and visit us.** Join one of our open evenings to meet our approachable staff, research your options and firm up your choice.
- **Submit your application.** You'll find an online form on every course page on our website. Use the Apply Now button and follow the instructions for inTouch.
- **Benefit from tailor-made advice.** A dedicated Student Services Adviser will make sure your application is processed efficiently.
- **Showcase your potential.** You'll be invited to make a personal statement; attend an interview, taster session or audition; or take an online maths and English assessment. Full details will be updated in your inTouch account.
- **Accept your place.** We'll let you know the outcome, which may depend on exam results such as GCSEs. Log into inTouch to accept.

- **Prepare for College.** In August, you'll receive details of enrolment, your start date and your Student Learning Agreement to sign.
- **Become part of DCG.** As part of your induction, you'll be introduced to your course team, your Student Experience and Progression Coach and our online learning space.

Applications for full-time courses will close at the end of June 2026.

After this date, we will begin confirming enrolment invites for students who have applied and received an offer.

Those students will be invited to our priority enrolment events.

This process helps us stay fair and consistent for everyone who has followed the correct application steps.

There are different application processes for further education, higher education, apprenticeship or part-time, adult and community programmes.
